CORAL CALCIUM PLUS™

- **A Dietary Supplement to Support Bone Health***

Coral Calcium Plus™:

- Contains a natural balance of every mineral that's found in our body, including calcium.
- Is "above" sea level coral from Okinawa, Japan, which is not an endangered species.
- Has organic minerals, which are considered highly bioavailable because they are synergistic with the body's own mineral balance.*
- Provides 800 mg of elemental calcium – twice as much as other products!*

Importance of Calcium

- Calcium is the most abundant mineral in our bodies, making up 2% of our total body weight. It is necessary for nerve, muscle and immune system functioning and is needed to maintain strong bones and teeth.*
- Poor eating habits, stress and lack of exercise are some of the most common factors leading to calcium deficiency.
- It is estimated that 80% of all American women are calcium deficient.
- According to the World Health Organization 40% of postmenopausal women (women over 60) will develop osteoporosis in their lifetime.

About the Nutrients:

- **Coral Powder** contains calcium and trace levels of 74 other minerals that are considered organic and highly bioavailable because they've been previously digested by small sea creatures.*
- **Magnesium** has been added to create a 2:1 ratio of calcium to magnesium for optimal absorption and utilization of calcium.*
- **Beta Carotene** is a powerful antioxidant and precursor to Vitamin A, which affects the activity of the cells that form and break down bone.*
- **Vitamin C** is an antioxidant and essential for the formation of collagen.* Collagen is the protein that forms the base of all connective tissue, including bone. A deficiency of Vitamin C has been associated with bone fractures and loose teeth.*

- **Vitamin D** is needed for calcium absorption in the intestinal tract.*
- **Copper** is necessary for the formation of collagen and the antioxidant enzyme super oxide dismutase.*
- **Manganese** is needed for bone formation and maintaining normal blood calcium levels.*
- **Boron** helps to regulate levels of other essential nutrients, including calcium, magnesium and phosphorus, which are vital to bone health.*

Supplement Facts

Serving Size: 3 Capsules

Amount Per Serving

Vitamin A (as Beta Carotene)	2900 IU
Vitamin C (as Ascorbic Acid)	70 mg
Vitamin D3 (as Cholecalciferol)	400 IU
Calcium (from coral)	800 mg
Magnesium (168 mg from Coral and 232 mg from Magnesium Oxide)	400 mg
Copper (as Cu Gluconate)	2 mg
Manganese (as Mn Sulfate)	2 mg
Boron (as B Amino Acid Chelate)	2 mg

Other ingredients: coral powder, vegetable cellulose (capsule), rice flour, vegetable stearate.

- **Contains: Soy.**

Warning: If pregnant or nursing, consult your health care practitioner before taking this or any nutritional product.

- **Suggested Use:** As a dietary supplement, take 3 capsules daily with a meal, or as directed by your health care practitioner.

Sold Exclusively Through Health Care Practitioners.
