## GLUCONIC® DMG N,N-DIMETHYLGLYCINE DMG

- A dietary supplement to support immune system, circulatory, cardiovascular and neurological functions, muscle recovery and endurance.\*
- **Gluconic® DMG** is an adaptogen that can be used to maintain good health and benefit performance and productivity.\*
- As a metabolic enhancer, DMG supports the body in times of stress, throughout the aging process, and during immune system challenges.\*
- DMG is an intricate part of human metabolism and has been used in the health field as a nutritional supplement for over 25 years.
- Research and clinical experience has shown that DMG supplementation supports:
  - Physical and mental performance.\*
  - Oxygen utilization.\*
  - Strengthening of both arms of the immune system, including antibody, lymphocyte and cytokine production.\*
  - Detoxification, especially in the liver.\*
  - Circulation and vascular health.\*
  - Glucose and fat metabolism.\*
  - Blood pressure, cholesterol, triglycerides and homocysteine levels within normal ranges.\*
  - Physical and mental energy levels by reducing lactic acid build-up during periods of stress.\*
  - Mental alertness and brain function.\*
  - Overall body health by acting as an indirect methyl donor and providing useful building units for the biosynthesis of vitamins, hormones, neurotransmitters, antibodies and nucleic acids.\*
