Innovative by nature

GLUCONIC® DMG N,N-DIMETHYLGLYCINE DMG

- A dietary supplement to support immune system, circulatory, cardiovascular and neurological functions, muscle recovery and endurance.*
- **Gluconic® DMG** is an adaptogen that can be used to maintain good health and benefit performance and productivity.*
- As a metabolic enhancer, DMG supports the body in times of stress, throughout the aging process, and during immune system challenges.*
- DMG is an intricate part of human metabolism and has been used in the health field as a nutritional supplement for over 25 years.
- Research and clinical experience has shown that DMG supplementation supports:
 - Physical and mental performance.*
 - Oxygen utilization.*
 - Strengthening of both arms of the immune system, including antibody, lymphocyte and cytokine production.*
 - Detoxification, especially in the liver.*
 - Circulation and vascular health.*
 - Glucose and fat metabolism.*
 - Blood pressure, cholesterol, triglycerides and homocysteine levels within normal ranges.*
 - Physical and mental energy levels by reducing lactic acid build-up during periods of stress.*
 - Mental alertness and brain function.*
 - Overall body health by acting as an indirect methyl donor and providing useful building units for the biosynthesis of vitamins, hormones, neurotransmitters, antibodies and nucleic acids.*
