CHEWABLE C-300

- 300 milligrams of Vitamin C with bioflavonoids to increase effectiveness of Vitamin C in a great tasting cherry or orange-pineapple flavored chewable tablet.
- Vitamin C supports immune system function and collagen health.* The primary function of Vitamin C is maintaining collagen.* Vitamin C also helps form red blood cells, provides antioxidant protection against free radicals and supports the immune system.*
- Vitamin C is a water-soluble antioxidant that neutralizes free radicals to prevent damage.* It supports collagen production to benefit skin, teeth and bone health.*
- Factors such as coffee, tea, smoking, illness, strenuous exercise and physical and mental stress all deplete Vitamin C levels in the body.* The following drugs also tend to deplete Vitamin C in the system: Aspirin, Betapar, Brevicon, Cortisone, Demulen, Enovid, Indocin, Norinyl, Orasone, Prednisone and Sterazolidin.*
- Chewable C-300 contains Bioflavonoids, which increase the effectiveness of Vitamin C by 50%.* Pectin has been shown to be beneficial in managing cholesterol levels within normal ranges.* Rose Hips are a great source of Vitamin C, but also contains pectin, citric acid and malic acid.
- An excellent supplement for children and people who have difficulty swallowing tablets.
