PROBIOTIC FOR DOGS

A supplement providing FOS and live (viable) naturally occurring microorganisms.

Probiotic For Dogs is a balanced combination of prebiotics and probiotics to support digestive regularity, address gas and bloating, and supporting superior immune health. This daily probiotic contains 1 billion CFU's of highly stable *Bacillus coagulans* and is delivered in a tasty duck-flavored chew.

About Probiotics:

Probiotics are beneficial microorganisms that help manage the critical bacterial balance in the digestive system. They help prevent the growth of undesirable microorganisms. Balance within the digestive system is essential to maintain a healthy GI tract, protect against invading organisms, assist digestion, and support overall health. Microflora also reside in other areas where mucous membranes are exposed to the environment, such as the skin, respiratory tract, and genital-urinary tract.

Benefits of probiotic treatment for dogs:

- » Supports digestion and helps address gas, bloating, and bad breath
- » Helps prevent unwanted strains of bacteria from growing to a population large enough to cause health challenges
- » Supports a healthy immune system
- » Produces B vitamins and enzymes
- » Supports regularity

About FOS (Fructoligosaccharides):

- » FOS are soluble fibers and prebiotics that support the growth of beneficial microbes in the intestinal tract. They have been shown to discourage the growth of harmful bacterial species. Because FOS are not digested by the body, they will increase the amount of fecal material in the intestinal tract and support the elimination process for proper regularity.

Guaranteed Analysis per Chew (3 g): Levels represent minimum values unless otherwise stated:

Moisture (max)	10.44 %
*FOS (Fructooligosaccharides)	100 mg
** <i>Bacillus coagulans</i>	333,500,000 CFU/gram

*Not recognized as an essential nutrient by the AAFCO Dog Food Nutrient Profiles

**GanedenBC³⁰® (*Bacillus coagulans* GBI-30, 6086)

Ingredients: oat flour, glycerin, brewers dried yeast, rye flour, natural duck flavor, arabic gum, canola oil, soy lecithin, fructooligosaccharides, yeast extract, dried *Bacillus coagulans* fermentation product, water, citrus pectin, maltodextrin, sodium alginate, calcium sulfate, sorbic acid (a preservative), propionic acid (a preservative), mixed tocopherols (a preservative).

Feeding Directions:

Under 30 lbs:	1 chew daily.
30-60 lbs:	2 chews daily.
Over 60 lbs:	3 chews daily.

Contains a source of live (viable) naturally occurring microorganisms.

For animal use only. Keep out of reach of children and animals. In case of accidental overdose, contact a health professional immediately.

Sold Exclusively Through Healthcare Practitioners.
