# GLUCONIC® DMG

## N,N-DIMETHYLGLYCINE DMG

A dietary supplement to support immune system, circulatory, and neurological functions, muscle recovery and endurance.\*

**Gluconic® DMG** is an adaptogen that can be used to maintain good health and benefit performance and productivity.\*

As a metabolic enhancer, DMG supports the body in times of stress, throughout the aging process, and during immune system challenges.\*

DMG is an intricate part of human metabolism and has been used in the health field as a nutritional supplement for over 25 years.

**Research and clinical experience has shown that DMG supplementation supports:**

- Physical and mental performance.\*
- Oxygen utilization.\*
- Strengthening of both arms of the immune system, including antibody, lymphocyte and cytokine production.\*
- Detoxification, especially in the liver.\*
- Circulation and vascular health.\*
- Fat metabolism\*
- Blood pressure, cholesterol, triglycerides and homocysteine levels within normal ranges.\*
- Physical and mental energy levels by reducing lactic acid build-up during periods of stress.\*
- Mental alertness and brain function.\*
- Overall body health by acting as an indirect methyl donor and providing useful building units for the biosynthesis of vitamins, hormones, neurotransmitters, antibodies and nucleic acids.\*
