GLUCONIC® DMG

N,N-DIMETHYLGLYCINE DMG

A dietary supplement to support immune system, circulatory, and neurological functions, muscle recovery and endurance.*

Gluconic® DMG is an adaptogen that can be used to maintain good health and benefit performance and productivity.*

As a metabolic enhancer, DMG supports the body in times of stress, throughout the aging process, and during immune system challenges.*

DMG is an intricate part of human metabolism and has been used in the health field as a nutritional supplement for over 25 years.

Research and clinical experience has shown that DMG supplementation supports:

- Physical and mental performance.*
- Oxygen utilization.*
- Strengthening of both arms of the immune system, including antibody, lymphocyte and cytokine production.*
- Detoxification, especially in the liver.*
- Circulation and vascular health.*
- Fat metabolism*
- Blood pressure, cholesterol, triglycerides and homocysteine levels within normal ranges.*
- Physical and mental energy levels by reducing lactic acid build-up during periods of stress.*
- Mental alertness and brain function.*
- Overall body health by acting as an indirect methyl donor and providing useful building units for the biosynthesis of vitamins, hormones, neurotransmitters, antibodies and nucleic acids.*
