# ACUTE IMMUNE BENEFITS™ LIQUID

- **A Dietary Supplement to Support Immune System Function\***

- **Recommended For:**

- Serious immune system support\*
- Supporting the activity of macrophages and T killer cells\*
- Supporting the release of interleukins and cytokines which activate immune cells\*
- Supporting apoptosis\*
- Normalizing body functions\*
- Helping the body cope with stress\*

- **Acute Immune Benefits™ Liquid** is a combination of two well-researched nutrients:

- Maitake PD-Fraction® & D Fraction®
- Gluconic® DMG

### About the Nutrients

- Maitake is a mushroom that has been used in traditional Japanese herbalism for hundreds of years. Maitake Mushroom has a high nutritional profile, enhances the immune system, helps the body cope with stress and normalizes body functions, and is rich in Beta-Glucans.\*
- **Beta-Glucans** are polysaccharides that support immune system activation.\*
- **Maitake PD-Fraction®** is a trademarked brand of highly purified, standardized extract of Maitake mushroom that yields 30% pure D-Fraction®.
- **D-Fraction®** has been extensively researched and is a highly concentrated source of Beta-1,6-Glucans, which has a higher ability to support macrophages, T killer cells, support release of interleukins and cytokines that activate immune cells, and support the immune system.\*
- The D-Fraction® from Maitake Product Inc. is the only Maitake product that has been approved by the FDA for conducting phase 2 clinical studies (IND #54,589).\*
- Gluconic® DMG from DaVinci® Laboratories of Vermont is a metabolic enhancer that promotes a strong immune system.\*

### Research and clinical experience has shown that DMG supplementation can:

- Support oxygen utilization and thereby reduce low oxygen states in the body.\*
  - Support immune system function.\*
  - Act as an indirect methyl donor and provide useful building units for the biosynthesis of vitamins, hormones, neurotransmitters, antibodies, nucleic acids and metabolically active molecules.\*
- **Acute Immune Benefits™ Liquid** brings together two potent nutrients that can help support immune system function and help maintain optimal health.\*

### SUPPLEMENT FACTS

#### Serving Size: 1 ml

#### Amount Per Serving

Maitake PD Fraction® (Grifola frondosa)	
Fruit Body Extract	30 mg
Yielding: D-Fraction®	9 mg
N,N-Dimethylglycine (DMG)	450 mg

Other Ingredients: glycerin, water, rosmarinic acid.

**Warning:** If pregnant or nursing or taking blood thinning medications, do not take this product before consulting your healthcare practitioner.

**Caution:** Discontinue use 2 weeks prior to surgery.

**Suggested Use:** As a dietary supplement, take 1 ml, 6 times daily for 3 weeks. Then reduce to 1 ml, 3 times daily, or as directed by your healthcare practitioners.

Maitake PD-Fraction® and D-Fraction® are registered trademarks of Mushroom Wisdom, Inc.

Sold Exclusively Through Healthcare Practitioners.
